Marble basins are heavy, natural stone products. Correct installation is critical to ensure safety, stability, and longevity. Improper installation may result in damage to the basin, surrounding surfaces, or personal injury.

Enya strongly recommends that all installations are carried out by a licensed tradesperson and the installation instructions are read before installing.

Enya basins bring together refined design and lasting finishes to complete your bathroom with style. The Isla in riverstone, crafted from premium marble, is designed to impress with its versatility and elegant tones stands out as a true statement piece- perfect for elevating any space with it's luxury and timeless appeal
