ENYA is designed to inspire. A collection that balances beauty with functionality, created to elevate the everyday ritual of the bathroom. Thoughtful detail, refined finishes and timeless design come together to bring affordable luxury into your home.

Vanity Ranges

A bathroom is more than just a room – it’s a ritual. The place where you begin the day with clarity and close it with calm. At the heart of it all is the vanity, a piece that doesn’t just anchor the space, but defines it.

Enya vanities are designed to transform. Each of our five ranges blends timeless form with everyday function, offering endless ways to make the space uniquely yours. With sculpted basins, refined countertops and a curated palette of finishes, every detail feels intentional, personal, and effortless.

Freya

Freya is bold and architectural, defined by vertical panelling and sculptural lines. Its adaptable design complements everything from modern classic to contemporary luxe, adding depth and character to any bathroom.

Lusso

Lusso is designed for real life – stylish, flexible and perfect for a wide variety of bathrooms. Simple, versatile and effortlessly elegant, it proves everyday luxury is within reach.

Maya

Maya is distinguished by its sculpted linear panelling and seamless integrated handles, combining practicality with elegance. A true statement piece, it reflects crafted luxury inside and out.

Avalon

Avalon introduces elevated design with its signature vertical fluting, adding depth and texture to the bathroom. Its sleek floating form offers a modern statement that feels both versatile and timeless.

Arlo

With its sculpted ripple-front and bold curves, Arlo makes a high-impact statement. Modern yet timeless, it balances striking design with enduring elegance.

Designed Your Way

Step-by-Step Guide to Choosing Your Vanity

Enya vanities are crafted from premium solid wood multi-layer board for strength, stability and water resistance, then finished in either 0.5 mm American Oak veneer or a premium matte white paint. American Oak offers durability, natural beauty and a distinctive grain that adds depth and character, with excellent finishing qualities for a refined look.

FEATURES

Metallic Finishes

Metal finishes define a bathroom's style. Enya metallic finishes are crafted to bring warmth and character into the space, showcasing the latest interior colour trends and advanced manufacturing technology for a premium, high-quality finish. Co-ordinated bathroomware creates harmony, while thoughtful contrasts add character and impact. All Enya products are made to the highest standards and backed by comprehensive warranties.
