Relevant Building Code Clauses:

F2 Hazardous Building Material, (F2.3.1), E3 Internal Moisture, G3 Food Preparation and Contamination

Statement on How the Building Product is Expected to Contribute to Compliance:

F2 – Verostone Benchtops are safe when handled and installed as per the supplied installation instruction. They are 100% silica-free, making them completely compliant with the strict workplace safety rules regarding respirable crystalline silica.

G3 - If used in a kitchen or laundry, the surface must be hygienic, easy to clean, and unable to harbour bacteria.

E3 - The material must be completely non-porous and impervious to water.

Limitations on the Use of the Building Product:

Must be installed according to installation guide and be installed by a registered Plumber. Refer to Installation requirements.

Design Requirements that Would Support the Use of the Building Product:

This product has been designed in accordance with AS/NZS 2924 (High Pressure decorative laminates) & AS/NZS 3500 (plumbing and drainage standards.

Installation Requirements:

Installation of these products must be carried out by a Registered Plumber and in accordance with the manufacturer's installation instructions, applicable plumbing regulations and relevant NZ Building Code requirements.
